IISAC'S INDIAN STUDIES PROGRAM

International Institute for Scientific and Academic Collaboration (IISAC) is a nonprofit education organization with 501© status based in New Jersey that promotes Indo-US education and research. India is the second most populous country in the world; it's the largest democracy and home to vast diversity in geography, climate, culture, language and ethnicity. With a history of over 5000years, India has always charmed the western mind for several centuries. For these reasons, IISAC has designed a thematic semester program on Indian Studies that is built on the strengths of our partner universities. IISAC's curriculum is dedicated to give an in depth understanding of Indian Politics, History, Socio –Economic Transformation, Religions, Languages, Culture, Society and Art of living in India. IISAC offers more than 200 courses in each semester for prospective US students. They are allowed to choose any 5 courses from the list of courses provided below.
